TO FARVIEW CHURCH OF CHRIST

Greetings to you all in Jesus name as I pray, and hope that this finds you all well both physical and spiritual. This is to thank you for receiving your support for last quarter of the year as usual, may Almighty Creator continue to bless you all double for your great interest, and effort in the work of God this area in particular, and other areas in general.

My effort in the mission's work still on and tireless. Last August, I am one of the leaders of the team that conducted the program of the three days gospel meeting in one community called Okwelle in Imo State, about 50 miles distance from Awka, Anambra State, Nigeria. The work produced six baptisms or converts, all the converts came from various denominations. We started the church there with those converts and we arranged preachers near that area who will be visiting them for sometimes before finding a permanent preacher to stay there.

I and Bro. Benson with Bro Daniel went that gospel meeting. Again I am still visiting small and young local churches around especially those with no able teacher, even last week Sunday I visited one small congregation at a place called Ufuma town in Anambra State, about 18 miles distance from my place; I taught and encouraged them to be steadfast in the faith, they are numbering about seven numbers, but after my teaching the Lord added one more soul who get baptized, a young man who is very serious to know the truth. I thank God for your support for the work here, because without your help I would have found it very difficult to save more lost souls here. I thank God who gives you ability to supports others too. The reward is already waiting in Heaven for you, brethren. Please continue to pray for elimination of insecurity everywhere and bad governance that we are passing through here in Nigeria now. Nigeria is drifting to anarchy, poverty, killings and neglect to rule of law which are taking place now because of bad leadership.

May God help us. Thanks, I will write more details next mail.
