Dear Elders,

## **GOSPEL PROGRESS REPORT AND RECEIPT OF 2<sup>ND</sup> QUARTER SUPPORT**

The 3<sup>rd</sup> Baptism this year was on 5<sup>th</sup> March, after worship. I came in contact with the man during regular house to house evangelism in February. After weeks of studies he obeyed the gospel in Baptism.

I have received the 2<sup>nd</sup> quarter support and shared to other preachers. The increase you made without we asking for it is of immense help in the present hard times we are in my country Nigeria. Thanks very immensely for the increase. We are encouraged the more in the Gospel work. My prayers always is, God continue to replenish the purse of the church and the brethren that contribute to the purse.

Bro. Patrick is still sick. Some preachers from Anambra State had all night prayers at his residence in Enugu on 17<sup>th</sup> March. He was brought down to a brother's hospital here in Anambra State, as we suggested. The brethren doctors are doing their best in treatment to him. I visited him yesterday 28<sup>th</sup> March at the hospital. His health condition is not too bad or hopeless. He is regaining normal speech tone. His paralyzed side is regaining strength. We trust God our prayers are not in vain. Our God is in control.

May His grace and mercy ever keep and direct you elders in overseeing the flock of God and keep helping the Gospel work.

Thanks to God for your sincere concern to us Gospel Preachers.

Yours in Christ,

**Benson .A. Onwuchuruba**
