On 15th Dec. I preached @ one day gospel meeting by the congregation my son preaches. I thank God as I was able to @ the congregation outside Awka and preached both indoor and outdoor. On 20th Dec. I went the medical checkup. The doctor was happy I had no complications. He said I will under go 2nd operation to remove the iron that clip my knee cap. The operation will be after one year by April next year. Till then God's holy healing is with me.

Once again many thanks to you my good people of God for the support money which help led me meet cost my medical checkup and pay my house rent.

May His mercy and grace lead us into the new year 2019 through.
