INDABA - A PLACE TO SHARE EXPERIENCES

On a typical day, you can drive for hours through untouched beauty to reach a bushman village. Raw wilderness tests your stamina as you explore the vast Moremi in a 4WD.

THE DELTA IN FOCUS

TEACHING GAKENA THE GOSPEL MESSAGE IN THE VILLAGE OF MABABE

SCOTT AND SHARRA IN THE MOREMI OF THE OKAVANGO DELTA

Over the past 23 years in Southern Africa we have developed a craving for teaching and lots of it. What better location for this than the Okavango Delta?

We fell in love with a unique part of the African continent. I believe that if you live an ordinary life you will tell ordinary stories. However, if you live an adventurous life, taking advantage of every opportunity to teach the gospel, you will be able to share incredible stories depicting the power of God's plan of salvation. This is our life, welcome to our world.

In Africa, patience is the name of the game. Africa has her own clock and permission to teach from the tribal chief in Mababe is worth the wait... That I can promise you.
