Dear Lovely Brethren,

I greet and thank you for receiving your support yesterday for the first quarter 2021. I thank you for your relentless effort to keep the divine work going on this area. Without your help the work must have suffered a great setback because brethren here are financially poor to support the work so your effort is very commendable and encouraging. The reward is of the Lord who is only faithful one to pay back to everyone hundred fold to anything one sacrifices for His name.

I thank you also for allowing our support to be separated into our individual bank accounts, this has reduced the shortages we are having each time from bank officials as to charges for any bulk money transaction are always very high here. Now, my ministration in the Lord's work are still in progress, though restrictions of movements of people due to COVID-19 that are returning back is a problem.

Again insecurity now here is also problem but we are very prayerful to overcome all those things. I am still visiting young and small local churches around our area to keep them sound in the true doctrine of Christ. I also gather our youths in the churches here, educates them in the sound knowledge of God for our future challenges to the church, my first son (Isaac) is helping me in that aspect. Bro. Isaac Chibuikwe Ekemezie attended one sound preachers training school at Ibandan South west Nigeria were late Bro. Ezikeal Akeyemi preached, Bro. Keith Sharp knows Bro. Ekeyemi when he visited Nigeria on his missionary trip, and that my son has finished his course there.

Bro. Isaac attended that preachers school after his university study. He is teaching youths here how to be sound preacher both in preaching and teaching God's word. I am having bible discussion with Pentecostal sects members and one of them shall be baptized soon. I will write more detail next mail. May God continue to guide and bless you all.

Yours Bro in His vineyard,

Eliazar Ekemezie
