

## **Rosalito Nardo – October 2022**

On October 26-27 I will travel to Jose Abad Santos Davao Occidental with fellow preachers from North Cotabato and Davao Del Sur to attend gospel preaching then October 28, will be in Davao Del Sur area to attend gospel preaching. Please help us to pray that God will supply our needs for these schedules of preaching.

The church building in Lasak has not yet started the work of their meeting house because we are waiting for the permit from DENR to cut trees that they are going to use for their meeting house. We will start work immediately when the lumber is completed. We will not buy other materials and stay in the place until the wood lumbers are not yet completed to avoid being stolen as what happened before.

Talubek church members who were affected by the landslide returned to their houses. They have not yet received help because the \$50 donated from a sister has not yet arrived. Brother Dadi Sangga and John Cafon said that they received small help from LGU of Lake Sebu. They are not yet safe in their place so every time the heavy rain falls, they are ready to vacate to a higher safe place. Let us pray for them. Thank you for continued support and prayers. God bless us all in His kingdom.

Your fellow servant,

Rosalito F. Nardo
